E. Harris Drew Will Make A Good Judge

WEST PALM BEACH — Judge E. Harris Drew, seeking election to a full term on the Supreme Court in the special statewide primary on October 14, will wind up his campaign with a statewide radio address on Monday night, October 13.

After visiting virtually every county in the state in his personal campaign, Judge Drew stated today, "I have carried my campaign to the people of Florida on the one and only issue involved in this race: that issue is the qualifications of the man running for this office. I respectfully ask the people of Florida to consider the record and background of both candidates.

"I have refused in this campaign to belittle and degrade any person or institution. It is my belief that the courts are the great bulwark of freedom for the people of our state and nation, and that the faith of the people in their courts is fully justified.

"I have made the people of this state the only promise that a candidate for the Supreme Court can properly make—that I will do my very best to be a good judge."

Justice Drew's opponent is Vincent C. Giblin of Miami, who was appointed a circuit judge by Governor Fuller Warren.

There is no connection between the October 14 election and the General Election on Nov. 4 when the people will vote on a constitutional amendment to increase the size of the Supreme Court.

Governor Fuller Warren said in Tallahassee this week he had twice refused to appoint Giblin to the Supreme Court. He said he made this statement because "the people of Florida are entitled to know what is back of Judge Vincent Giblin's venomous attacks upon the State Supreme Court."

Justice Drew, who was appointed to the court when Justice Roy H. Chapman died, is a graduate of Stetson University Law School. He is past president of the Florida State Bar Association, and past president of the Bar Association of West Palm Beach, where he has practiced for 29 years. The Palm Beach County Bar Association unanimously endorsed him for election to the Supreme Court.

Parents, Teachers Hear Watkins

County Superintendent Howell Watkins was guest speaker at the October meeting of the Canal Point Parent-Teacher Association held in the school auditorium Monday night with Mrs. R. T. Smith, president, presiding. Introduced by Floyd Erickson, program chairman, the speaker told why "Palm Beach County Schools are Facing a Serious Crisis." He said if the present high standards of the County Schools are to be maintained a larger portion of the State's revenues must be allotted for school purposes.

Mrs. Earl Maxson, membership chairman, reported the sixth grade was the first school room at the Canal Point School to report the enrollment of both parents of all pupils on the PTA active membership roll. PTA is presenting a \$5 cash award to the sixth grade and all other grades that attain this perfect membership record. Mrs. Maxson said the Canal Point PTA has a membership of 118 to date and has set a goal of 191 members, this number being necessary for a blue ribbon rating.

The group voted to sponsor a shower of money or equipment for the benefit of the school's lunch room.

Mrs. A. R. Harrington, Mrs. J. R. Roy and Miss Eula Snyder were named on a committee to draw up a set of rules and regulations for the new motion picture projector which PTA recently purchased for the school.

Mrs. Roy gave a report on the State PTA School of Instruction which she attended recently in West Palm Beach. Others from Canal Point who attended the school were Mrs. Edward Rogers, Mrs. Gus Fleming and Mrs. Fred Kinsaul.

Cinematic Chatter

By Malcolm Miller

Hello everybody, I'd like to chat about a little lady in filmdom who is really making a name for herself. The lady in question is Kathryn Grayson, born Velma Hedrick in Winslow-Salem North Carolina. She started her film career in 1941 with "Andy Hardy's Private Secretary", and I recall seeing her in that picture and predicting she would go to the top. Under the chic Adrain gown of Kathryn Grayson beats a calico heart. And under the slate roof of her traditional English house, young America flourishes. The latch-string

is always out on the front door of the Grayson homestead, the dining room table, an extension affair, can be made ready to accommodate five or 15 at a moment's notice. It's usually the latter pumber.

Sunday is Miss Grayson's home is a signal for the gathering of the clan. Mother, father, brothers, sisters, in-laws and youngsters swarm all over the place. "Families are important to me," declares the actress. "Noise never has bothered me, and I love to hear the children around the house. I also get a big kick just talking with my brothers and sisters. It's a comfortable feeling to know we're a unit, all for one and one for all."

How the fabulous Grayson family were overlooked when the country was polled for the typical American family continues to be a mystery to those initiated into the Grayson mode of life. What arguments there are, and there are many, never comes about through the fact that there are three different faiths, four different nationalities and Republicans and Democrats represented in this remarkable family. Kathryn recently finished "Lovely to Look At" with "Red" Skelton, Ann Miller and Howard Keel. I knew that gal was headed for the top twelve years ago. See you at the movies -Mal.

As amended by the 1951 session, the law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

County Mass X-Ray Survey Scheduled For Nov. 18th

Palm Beach County will have its third Mass Chest X-ray Survey from November 18 through December 23, 1952 according to Ernest L. Abel, President of Palm Beach County Tuberculosis and Health Association. The Florida State Board of Health will bring in four x-ray units, 2 mobile and 2 stationary for the survey. One of the mobile units will go from Jupiter down the coast to Boca Raton. The other will spend the greater part of the period in the Glades area. The stationary units will remain in West Palm Beach, one in the business section and the other in the Negro area during the entire five week period.

The Mass Survey is sponsored by the County Health Department, the West Palm Beach Health Department and the Palm Beach County Tuberculosis and Health Association. It is approved by the Palm Beach County Medical Society.

Dr. C. L. Brumback, Director of Palm Beach County Health Department said, "Although the Mass Survey is intended chiefly to find unsuspected tuberculosis, the chest x-rays also bring to light certain heart abnormalities and tumors of the chest area early enough to make effective treatment possible."

Dr. Brumback added, "In addition to the X-ray units there will be a Diabetes unit in the business section of West Palm Beach for the entire period. This is another service offered by the Health Department to enable the public to check themselves for evidence of diabetes, by taking a small blood specimen from the tip of the finger."

Mrs. Ruth L. Sheppard, Executive Director, of the Palm Beach County Tuberculosis and Health Association pointed out, "since early tuberculosis may have no systems and since it is catching a most effective way to protect the public is by Mass Surveys when every adult 15 years of age and over checks himself for TB. No matter what the x-ray shows it is good news. If the person does not have TB that is good. If he does have TB, that is also good, news since the earlier TB is found the easier it is to cure."

The Mass Survey Committee of the TV Association consists of the following: William H. Cooks, Chairman; Mrs. Frank H. Valier; Dr. R. L. Smith; Mrs. A. V. Allison; Dr. C. L. Brumback; Dr. J. H. Russell Dyett; Mrs. C. Raymond Durkee; Mrs. Marjorie L. Artson; Mrs. Alexander Matthews; Mrs. Lena Johnson and Lake Lytal,

all of West Palm Beach. Mrs. Robert L. Britt, Delray Beach; Oliver G. Locher, Lake Worth; W. C. Taylor, Belle Glade; W. C. Allen, South Bay.

Mr. Cook states that the Mass Survey Committee has as its job the making of schedules, i. e. deciding what hours and spots in the various towns of the county the x-ray units would accommodate the most people; examining educational materials available and deciding the most effective use of the various items; pooling ideas which may prove effective in acquainting every person in Palm Beach County of the opportunity for having a free chest x-ray and the importance of so doing.

Mr. Cook said there would be need for many hundreds of volunteers to help with the registration at each of the four x-ray units. He expressed the hope that all service clubs in the county would participate in this community project, either by supplying volunteers for registering or by helping to spread the word about the importance of the Mass Survey to the people of Palm Beach County.

Homecoming Plans Made By Methodist

Plans for the annual homecoming to be held at the Pahokee First Methodist Church, Sunday, Oct. 19, were announced at the October meeting of the Woman's Society of Christian Service held at the church Monday night with Mrs. Arch Blakey, president, presiding. The Rev. A. J. Hendry, former pastor of the church, now retired, will be principal speaker at the morning service which will be followed by a fellowship dinner at the city park. Pioneer residents who came to Pahokee before 1925 will be honored at the dinner. Members of the Gertrude Shirley Circle will be in charge of dinner arrangements.

The group voted to cooperate with the Parent-Teacher Association by sponsoring a fortune-telling and "odds and ends" booth at the PTA Halloween Carnival on Fair Field the night of Oct. 31. A cash contribution to the Wesley House, Key West, was also voted at the meeting.

Mrs. Lloyd Hundley, spiritual life chairman, announced plans for WSCS to observe a week of prayer the last of this month. The traveling attendance award was won by

the Gertrude Shirley Circle.

Special recognition was given at the meeting to new members: Mrs. W. A. Slauter, Mrs. Rembert A. Guy, Mrs. Harold Leggett, Mrs. Arthur Larrimore, Mrs. Blake Dunson, Mrs. Elmer Justice, Mrs. Tom Davis and Mrs. Norman. Each was presented with a copy of the WSCS cookbook as a gift from the society.

The program was under the direction of the Gertrude Shirley Circle. Talks on "Human Rights" were given by Mrs. Dick Parrish and Mrs. C. A. Canipe. "Go Make Disciples" was sung by a quartet composed of Mrs. Ruth Meredith, Mrs. R. F. Hurt, Mrs. Harold Leggett and Mrs. George Ramey. Mrs. Canipe showed a film, "We Hold These Rights," and Mrs. Hundley gave the devotionals.

Week Of Prayer To Be Observed

The Canal Point Methodist Woman's Society of Christian Service at a meeting Tuesday afternoon made plans to observe a week of prayer the last of this month, the observance to reach a climax at an all-day meeting and special program in the Sunday School building on Oct. 28.

Mrs. Boyd Vorhees, chairman, Mrs. W. K. Buchanan and Mrs. J. P. Parker were named on a committee to purchase new furniture for the church pulpit.

The group voted to sponsor a bake sale in front of the Canal Point Sports Shop Saturday, Oct. 19, with Mrs. Donald Kepp in charge.

Mrs. Osceola Upthegrove presented the program and worship service which had as a theme, "Toward Complete Living." Others taking part were Mrs. Pope Sears, Mrs. J. P. Parker and Mrs. Donald Kepp.

Mr. and Mrs. Max E. Beverly and sons returned recently from Ochlocknee, Ga., where they spent the summer.

Do you have Series E Defense Bonds coming due this year?

Here's a money-earning opportunity for you

Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!

ARE YOU one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$25 in 1952. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.35, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are safer than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest periodically at the rate of 2 1/4 % per year. For full details, ask at any Federal Reserve Bank or Branch.

Here's how Series E Defense Bonds earn the first 10 years

Communion Day Is Celebrated

The Pahokee First Methodist Youth Fellowship group celebrated World Communion Day in a "around-the-world" trip in which they visited the South Pacific, Africa, East Indies and China and learned what mission workers are doing in each of these lands.

In the hut back of the church, gay with Hawaiian decorations, they learned of mission work in the South Pacific from Joyce Lynn Hurt, world friendship of mission chairman, Betty Holt and Corrine Collins who were dressed in native costumes. The visitors listened to Hawaiian string music while they ate refreshments of pineapple wedge coconut and pineapple juice.

The "tour of Africa" took place in the city park where Lewis Collins and Ronald Elliott acted as guides and told of the mission work being accomplished on the dark continent. Living conditions in north Africa were described by Lt. and Mrs. H. D. Fields, Jr., in a letter read during the tour. From the distant background came the beat of native jungle drums played by Chuck Elliott. Smoked fish on crackers was served as refreshments.

In the recreation hall of the park the mission report for the East Indies was given by Arlene Rainier, following which the visitors were served East Indian curried rice and chicken by Mrs. John A. Dulany, Mrs. L. M. Collins, Mrs. J. M. Elliott, Mrs. Clyde Alley and Mrs. A. L. Beverly.

The trip ended in the social hall of the church where Betty Holt, dressed in Chinese costume, read reports of the veil that has dropped between the Chinese and American people since the Communists took over China. The Chinese motif was used in decorations and Chinese music was played as Mrs. George Ramey and Mrs. Robert J. Schroder, also dressed in costume, served "glorified" rice for refreshments. All musical arrangements for the trip were under the direction of John Rogers, recreational chairman.

Margaret Lynn Shirley, MYF fund chairman, displayed a lighted youth fund map illustrating how the fund helps to illuminate the whole world. She announced a pledge service for the MYF fund will be held at the church the evening of Oct. 12.

Christian Science Group Of Canal Point

Subject of services in all Christian Science Churches next Sunday is "ARE SIN, DISEASE, AND DEATH REAL?" In proving this malevolent triad unreal one of the Bible citations to be read refers to the healing work of Jesus (Luke 7:21): "And in that same hour he cured many of their infirmities and plagues, and of evil spirits; and unto many that were blind he gave sight."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws. His acts were the demonstration of Science, overcoming the false claims of material sense or law" (p. 273).

The Golden Text is from Psalms 103:2-4: "Bless the Lord, O my soul; and forget not all his benefits: who forgiveth all thine iniquities; who healeth all thy diseases; who redeemeth thy life from destruction."

This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST
10 EXTRA YEARS**

ALL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

SERIES H. A new current income bond, available in denominations of \$500 to \$10,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$20,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

SERIES J. A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

SERIES K. A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semiannually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

Blue Devils Show Strength Against Lake Worth Trojans

After letting the Lake Worth Trojans hog the ball throughout the first quarter in Friday night's game on Lair Field, the Pahokee Blue Devils suddenly came to life in the second quarter, discovered they could play football and came so close to tying up the highly favored visitors that the Trojan coach, W. H. Cook, had the jitters throughout the entire fourth quarter.

The Trojans scored in the second play of the second quarter when their sophomore quarterback, Harold Lewis, passed to End Bob Moyer who caught the ball in the end zone for the score. Wayne Lisie kicked the extra point.

It was soon after this that the Blue Devils got down to work. They broke up a fourth down Trojan punt and took possession on the Lake Worth 44. On the next play Bill Hutton lost two in an attempted run through the middle of the line. It was at this point that the most thrilling play of the game was executed when the Blue Devil's freshman back Pat Turbeville, threw a beautiful looper to Right End Roy Spooner who connected at the 17 and assisted by alert blocking, ran across the goal line for six points. Hutton was unable to buck the line for the extra point.

The Trojans scored again in the third stanza when they drove from their own 26 to the Pahokee 32 where Halfback Ray Barnes broke through for a fine touchdown run, but Lisie's kick fell short of the extra point.

Near the end of the third quarter the Blue Devils started a drive from their own 25 and, with Hutton and Hal Rosenberg carrying the ball, they marched steadily down the field until they ran out of steam as the fourth quarter started, losing the ball on downs on the Lake Worth 14-yard line. In the final moments of the game

Coach Pell's men started another drive from their own 16, passing their way to their own 39, then Hal Rosenberg broke through left tackle to run 61 yards for a touchdown only to have the ball called all the way back to the line of scrimmage for an offside penalty.

Pat Turbeville, 130-lb. freshman fullback, was the sensation in Friday night's game. Pat's bullet pass has plenty of zip and if Coach Pell can find a receiver who can hang on to that pass he will really have something.

This Friday afternoon the Blue Devils will rise from their cellar position in the Suncoast Conference and travel to Delray Beach to engage the conference leader, the high flying Seacrest Seahawks the only team in the conference with a perfect record to date.

Of course the Blue Devils will be the underdogs in this game but if they are as scrappy as they were last Friday night they are going to make some feathers fly. The cloudburst Monday afternoon robbed them of a practice session and the field was still too soggy Tuesday for a good workout, so Coach Pell had to keep them working in pads both Wednesday and Thursday afternoons in an effort to build a defense against the Seahawks' versatile running and passing attacks. Seacrest's Backs Delma Swilley and Lou Manning, good last year, are in top form this season and have yet to be stopped.

Coach Pell has announced a few changes in the lineup from that of last week. Harry Levins is back in his old position at left end and Tommy Elliott has been switched from left tackle to right tackle. Don Beverly fills the left tackle position vacated by Elliott and Leland Becton will start at right guard instead of Gordon Hoyle. No changes have been made in the backfield.
